

# Analyzing and Visualizing Waterdogs

## Introduction

Waterdogs is a Twitter account that rates people's dogs with a humorous comment about the dog.

These ratings almost always have a denominator of 10. The numerators, though? Almost always greater than 10. 11/10, 12/10, 13/10, etc.

## Why?

Because "[they're good dogs Brent](#)." Waterdogs has over 4 million followers and has received international media coverage.

Waterdogs [downloaded their Twitter archive](#)

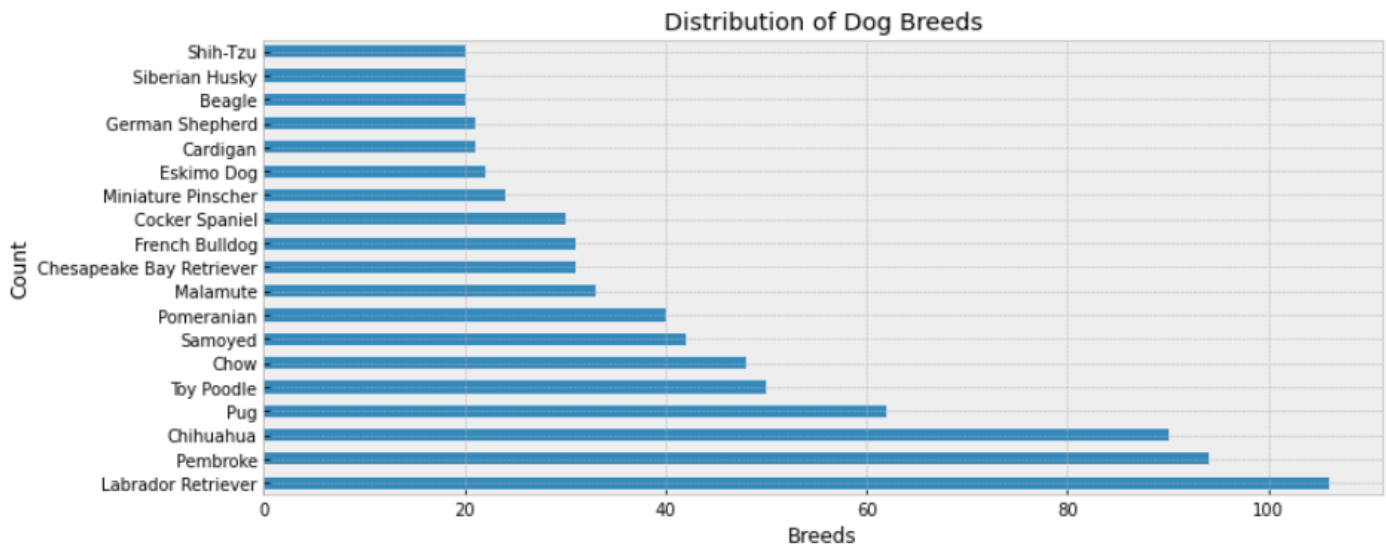

This file has the basic tweet data (tweet ID, timestamp, text, etc.) for all 5000+ of their tweets as they stood on August 1, 2017.
